for the Republican nomination for President in the California primary next May, all because of a report that a petition on behalf of United States Senator Robert La Follette was mailed from San Diego to Secretary of State Frank C. Jordan, settled back in their chairs later in the day when it became apparent that there was no chance for any La Follette supporters to "get under the wire" with nominating petitions.

Senator Hiram Johnson and President Coolidge have qualified for the race on the Republican ticket; and when the San Diego report was received, political observers immediately saw the prospect of Senator La Follette drawing votes from the Johnson wing of the Republican party in California.

Later advice that a nominating petition mailed by Dr. William I. Kinsley, president of the La Follette Republican Club of Southern California, bore only fifty names, and still later advice that the

petition had not been filed with the County Clerk of San Diego county, as the State law requires, removed any likelihood of the name of La Follette being placed on the ballot. Yesterday was the last day on which nominating petitions could be filed with county clerks, and unless there are other petitions in the mails—petitions which have been properly filed with the county clerk—the Wisconsin Senator's name will not have a place on the ballot.

COOLIDGE MEN MEET

Executive Committee of Redlands Club Plans Campaign

REDLANDS, March 28.—A meeting of the executive committee of the Coolidge Republican Club of this city was held last night at the home of Mrs. A. E. Brock, chairman of the organization in Redlands, presiding. Plans for organizing the work here were discussed. It is planned to have captains in each of the precincts to organize the work. For the present, efforts will be concentrated on getting people to register. A careful poll of each precinct will be taken, for voting strength and preference.

WOMAN DRIVER FREED IN BUS-LINE ACCIDENT

HUNTINGTON PARK, March 28.—Charged with driving an automobile while under the influence of liquor, Mrs. Pearl Sloan of South Gate was acquitted by Judge Edward Miller of this city yesterday, after hearing the testimony of several witnesses. Mrs. Sloan, who has been one of the drivers of the Home Gardens bus, which passes through South Gate, was making a trip through that city on March 17, when her car ran into a lamp post, knocking it down. One of the five passengers in the car suffered two broken ribs.

The identity of the woman, which was stated that she apparently jumped from the train, which was put aboard an eastbound train and carried to her destination, which is understood to be Chicago.

NATIONAL CAMP FIRE GIRLS IN CONVENTION

KANSAS CITY (Mo.), March 28.—More than 1000 girls from seventy towns in seventeen States are expected here tomorrow for the opening of the National Camp Fire Girls convention. This is the first annual assembly in which the girls have participated in large numbers. Some of the girls are coming from as far away as Seattle and New York.

AUTOIST IS CHARGED WITH MANSLAUGHTER

SAN FRANCISCO, March 28.—An indictment charging manslaughter was returned in Superior Court against Thomas V. Humphreys, special insurance agent, in connection with the killing of Olga Erlanson, 14 years of age, on the Ocean Beach Highway, by a speeding automobile last Sunday night. The indictment was voted by the county grand jury last night. Bail was fixed at \$20,000 bonds or \$10,000 cash.

KLANSMAN AT BEATING TRIAL PLEADS ALIBI

BAKERSFIELD, March 28.—John Vitell, asserted former potentate of the Ku Klux Klan of Taft, took the witness stand today in his own defense and testified that on the evening when Dr. D. R. Mason of Taft was beaten by members of the hooded mob he had been peacefully engaged in playing cards with friends at their home. Vitell is charged with having committed assault on the person of Dr. Mason and with having used a rope for that purpose.

GAS AND ELECTRIC RATE CUT ORDERED

SAN FRANCISCO, March 28.—The Western States Gas and Electric Company was directed by the State Railroad Commission today to reduce its gas and electric rates in Stockton, Lodi, Galt, Placerville and adjoining territory. A reduction of approximately 5 per cent was ordered for the smaller consumers of electric energy, with corresponding reductions for the larger users.

FLOODS IN POLAND INUNDATING TOWNS

WARSAW, March 28.—The flood situation in Poland has grown considerably worse, with most of the rivers over their banks. The Vistula is the most affected. While the plight of the suburbs in the lowlands around Warsaw is not alarming, the towns north of the capital are in a dangerous situation, some of the smaller places being completely inundated.

Many Feats of Nations League Told by Clarke

(BY A. P. MONT WIRE)

SAN FRANCISCO, March 28.—The League of Nations has settled five threatened wars, arrested an epidemic of typhus in Russia, rescued 450,000 prisoners of war who were dying in Russian prisons and performed other great tasks successfully in the interests of all humanity, John H. Clarke, former associate justice of the United States Supreme Court, said here today in an address to the Comstock Club on behalf of the League.

The League has rescued Austria from bolshevism and bankruptcy and has proved to be such an efficient instrumentality for peace and order that fifty-four of the sixty-two nations have joined it, he said.

SIR HENRY HEYMAN, VIOLINIST, IS DEAD

**NEW PROPOSAL
HALTS TAX BILL**
Corporation Provision Plan
Change Urged

Report in Week Is Predicted
by Senator Smoot

Democrats Consider Caucus
to Settle Stand

BY A. P. SMITH WASH.
WASHINGTON, March 28.—
Proposals to change the form of
taxing corporations temporarily
blocked progress in the Senate
Finance Committee today in its
consideration of the revenue bill.
Neither the bill passed by the
House nor the Mellon tax revision
plan proposes any change in the
corporation tax.

The section was finally passed
over by the committee, however,
and some of the technical pro-
visions of the corporation tax sys-
tem agreed to. The estate and gift
taxes and the miscellaneous and
excise schedules will be taken in
rapid order now, after which,
Chairman Smoot said today, the
bill would be reported immedi-
ately. Such action could be obtained
by next week, he thought.

ITEMS ELIMINATED
Senator Reed, Republican, Penn-
sylvania, suggested today that the
corporation tax of 12 1/2 per cent be
increased to 14 per cent, and the
special tax on capital stock of \$1
for each \$1000 worth of stock of a
corporation be eliminated. Sen-
ator Jones, Democrat, New Mexico,
told the committee he would offer
some form of graduated tax in
place of the flat corporation levy.
He did not mention the rates he
would propose, however.

The committee did agree to the
Treasury draft of the bill in regard
to eliminating the provision placed
in the law of 1921, which changed
the basis of fixing valuations of
certain stocks. This provision af-
fected principally lumber com-
panies.

DEMOCRATS WORRIED
The committee again will take
up with army and navy officers
tomorrow the question of deter-
mining the number of service men
entitled to the bonus in an effort
to determine exactly the cost of
the bonus bill.

Some Democrats frankly admit-
ted that there were some mem-
bers "off the party reservation"
on the surplus rates, and serious
consideration was given to the
calling of a party caucus to deter-
mine definitely what stand the
party would take.

SENATOR SMITH ASKS. Only a bill
now for two bills on taxes.

Another California Sandwich Shop opens next week—the same delicious sandwiches—made of the same good materials—the same individual personality. Those who know the original California Sandwich Shop at 750 N. Grand (across from Robinsons) will be happy to patronize the new location at 202 N. Broadway.

When the greatest longing for real ravioli Tagliarini and spaghetti comes over you go to Mori's Specialties—two shops—one at 149 North Spring and the other at 215 North Spring—where you may have tried Italian restaurants by the score, including the famous Mori at New York, but none in any way approach the deliciousness that which Mori's Specialties have here in Los Angeles originated. You perhaps know others who have tried to imitate Mori's, but it seems to be an impossibility. Don't experiment, but get the finest made at either one of the two addresses just mentioned.

A visit to Travaglini's Roma Rotisserie is inspirational—why just seeing the chickens roasted on an open spit in such a way that the juices are kept within and none of the natural flavor lost—makes you order one for the evening dinner without a moment's hesitation and then when you go from counter to counter in this immaculate and ultra modern store the proprietor of which is none other than the well-known connoisseur of food Mr. Travaglini, who originated the famous Roma Cafe—your reality for everything cooked—ready to serve and carry home—is so very delicious—yes, indeed, Travaglini's Roma Rotisserie is open Sunday. Deliveries are made when orders are phoned—12092—Seventh and Burlington is the address.

The Pat Dust Fan through an article of no great size plays a big part in the home-makers world when poor they are worthless; but when made of the lasting material such as the Miller Manufacturing Company makes their Pat Dust Fan of, and endows it with the splendid features it possesses, such as a hugging the floor by means of the foot placed upon a spring attached; a handle catch which holds the fan fast while being emptied—and numerous other good points, you will see when you use one. Pat Dust Fans may be bought at your hardware store, department store, or grocer or if you want one at once, phone direct to the Miller Mfg. Co., 1214 West Washington street, Beacon 4738.

A boost when made must be lived up to, else reputation be lost and faith die. No one knows that better than the W. B. Bastian Manufacturing Company, whose engineers (all California men) designed a California factory a California Bungalow Automatic Water Heater, which would meet the exacting requirements of our California climate.

Even though your old stove does fairly good work, a new one would do much better. It would give an added interest in the kitchen at well. The new one brought to mind was a letter from a little home-body in the city. She wanted a nice, shiny new stove and she read about the excellent values the Angelus Stove and Range Company of 2025 South Vermont have. In her mind the question was asked, whether her old stove would be taken in exchange; whether she could get convenient long terms and whether the bargains in stoves still continued—to all of which the response was "Yes." The phone number of this remarkable concern is Beacon 8221, and the last report from her was that another home has an increased amount of sunshine which is made from a lot of happiness. Don't you want to try the same recipe?

Can't you remember wishing for some bread that was different—because you had grown to believe that all makes of bread tasted alike? What will you think when you are told this longing for a change will never be felt when you eat Honey Bread? Let's try to explain the reason for this unless it can be done by saying with all sincerity that Honey Bread with real honey in it—Sweet four and other ingredients—is mixed and baked in some magical way so that everyone who tastes it will have compliments but succeeded only in making me feel positively ill over the wasted money spent and nothing remaining to show for it, you, dear readers, should look up Simank Brothers of 715-27 West Ninth without any delay and pay the all your curtain making in their capable hands. No danger of mistakes no uncertainty over the outcome. Your windows would be dressed properly with little expense and your nerves and temper would be saved a great strain. At least let them prove their ability.

Delicious sandwiches can be made with hot baking-powder biscuits. Fill with sliced tomato, mayonnaise dressing and minced bacon.

Oh, dear! Had you seen some curtains shown me the week past which were expected to call forth lavish compliments but succeeded only in making me feel positively ill over the wasted money spent and nothing remaining to show for it, you, dear readers, should look up Simank Brothers of 715-27 West Ninth without any delay and pay the all your curtain making in their capable hands. Have just learned the address of a woman who is making delicious home-made hot cross buns for Good Friday morning's breakfast. She originated something else which is entirely new. It's Easter cake baskets. They are made of cake, have handles and are decorated. The very best of materials are used, in both baskets and buns. Order them at once, by phoning Drexel 3596.

It doesn't require many years of housekeeping to learn that water contains minerals which actually hinder cleansing—but most of us feel that nothing could be done about it so we sort of suffered in silence. Relieving is in order now—because "Blanco," which is made in powder form and sold in convenient sized boxes by every good grocer makes water as soft as rain. You have no idea how indispensable you will find "Blanco" when there are lots of greasy dishes to wash; then when the aluminum or silver articles are washed and the water dissolves it at once. As a matter of fact Blanco is perfect for all cleaning purposes. The longer you delay the more regret will be yours.

Progress, isn't it thrilling to think that in a few months we can stop in the first food emporium in the world? For they're making rapid progress on Young's Market Company's new home at Seventh and Union. Beauty and utility will combine in five large floors devoted to the service for which Young's are famous. Fine foods at fair prices. Read the story of Progress in Monday's Times.

Have you ever known anybody to say when urged to increase the number of glasses of water they drink, "But I don't care for water very much. It has a flat taste which doesn't satisfy my thirst somewhat?" That man, or that woman is using hydrant water when they are drinking in the foregoing manner. It doesn't satisfy—but "Arrowhead" does—for "Arrowhead" is the purest mountain water which is delivered to you in its natural state. No distillation is necessary indeed, that is the wonderful thing about it. In all its purity—the Arrowhead Springs Company have brought it direct to Los Angeles in glass tanks and all they do is put it in smaller demijohns ready for home delivery. To drink it is to prevent sickness in your family and keep each member of your family in the pink of condition. The idea of water which is pure, healthful and delicious is not too far off. Humboldt 6200 and the free container and stand will be sent out free with the Arrowhead water.

By Chef A. L. Wyman, M.C.A.

BOSTON CREAM PIE
C. C. Hollywood, asks that we send her a recipe for Boston cream pie. We do not send recipes; all requests are answered in this department.

To make Boston cream pie beat the yolks of three eggs with two tablespoons of milk; beat smooth and beat in gradually one cup of sugar and one cup of sifted flour. Add one teaspoon of vanilla extract, and beat two minutes. Sift one and a half cups of sifted flour with a few grains of salt and one and a half cups of sifted sugar. Add one cup of sifted flour and beat until thick and smooth; pour into buttered and floured pie pan. Bake in a moderate oven twenty minutes. Cool on a wire rack; place one layer of custard in the pan, cover with the other layer, sprinkle with powdered sugar and serve in pie-dishes.

BOSTON CREAM PIE FILLING
Mix one cup of sugar with one-third of a cup of sifted flour and a few grains of salt; place in a double boiler, stir in one cup of milk and stir and cook until thick and smooth; add two well-beaten eggs and one cup of sifted flour. Beat until smooth and pour into pie pan. Bake in a moderate oven twenty minutes. Cool on a wire rack; place one layer of custard in the pan, cover with the other layer, sprinkle with powdered sugar and serve in pie-dishes.

ANGEL FOOD CAKE
J. W. Santa Barbara, tried the recipe given recently for a small angel food cake and says that it was delicious, but she wants to make a larger cake and asks that we give another recipe. Also give a recipe for Florida pie.

For the angel food cake beat the whites of eleven eggs with half a level teaspoon of salt until frothy, measure and fold into cream of tartar and beat until stiff, but not dry. Sift one and a half cups of sifted sugar and one cup of sifted flour into the beaten whites; sift one cup of pastry flour five times, mix and fold into the mixture with one teaspoon of vanilla. Pour into a clean ungreased tube pan, place in a warm oven, bake twenty minutes, slightly increase the heat and bake until the cake settles even with the top of the pan and rebounds from a touch of the finger—about forty minutes. Invert pan on a wire rack and let thoroughly cool before removing.

FLORIDA PIE
Mix one cup of sugar with one-third of a cup of flour, a few grains of salt, three-quarters of a cup of orange juice, four tablespoons of lemon juice, one cup of canned grated pineapples and one teaspoon of grated orange rind; place the mixture in a double boiler and stir and cook until thick and creamy; stir in the well-beaten yolks of two eggs and stir and cook one minute; remove from the fire, stir in two-thirds of a cup of grated coconut and one teaspoon of butter; cool slightly, pour into a baked pie shell; cover with an orange-flavored meringue, sprinkle with grated coconut and set in a moderate oven until lightly browned.

TARTARE SAUCE
C. Y. O., Los Angeles, wants a recipe for a tartare sauce.

Mix one cup of lemon mayonnaise with one tablespoon each of chopped sour pickles, tarragon vinegar, olives, parsley, capers and half a teaspoon of onion juice.

POTATO SALAD
D. O. P., Escondido, would like a recipe for a potato salad and a cooked dressing to serve with it.

Cook enough unpeeled, well-washed potatoes until tender to break in a half cup of dice and mix with two tablespoons of finely chopped onion, two tablespoons of chopped parsley, two tablespoons of chopped sour pickles, the chopped whites of two hard-boiled eggs and half a cup of French dressing. Drain and mound on cold lettuce-covered plates, cover with cream dressing and garnish the yolks of the hard-boiled eggs over all. Dust with paprika and finely chopped parsley.

CREAM SALAD DRESSING
Place in a double boiler four tablespoons of flour and five tablespoons of butter, stir and cook until smooth; stir in one cup of cream and stir and cook until thick and creamy. Mix one teaspoon of mustard with one teaspoon of salt, one-quarter of a teaspoon of paprika and half a cup of vinegar and stir into the hot mixture; bring to a boil, remove to the side of the fire and beat in three well-beaten egg yolks. Strain into a cold bowl and keep in a cold place until used.

RUSE
F. H., San Diego, wants to know how to make a ruse that her mother made with sour milk and soda and baked in a bread pan.

Sift two and a half cups of sifted flour with one teaspoon of soda, one teaspoon of salt, half a teaspoon of nutmeg and half a teaspoon of cloves. Beat half a cup of butter to a cream and beat into it one and a third cups of sifted brown sugar and beat until light and creamy; beat in one well-beaten egg and beat in the flour mixture with one cup of sour milk; beat well, add one cup of floured seedless raisins, pour into a buttered loaf cake or bread tin and bake in a moderate oven. This is nice sliced and toasted in the oven.

ORANGE FROSTING
A. P., Los Angeles, would like a recipe for an uncooked orange frosting.

Place the grated rind and strained juice of two oranges in

a bowl and stir in gradually one cup of sifted confectioner's XXXX sugar, work smooth, add one tablespoon of melted butter, work smooth and add enough more confectioner's to make stiff enough to spread.

FRENCH CAKE
T. J., Hanford, asks that we give a recipe for a cake made with raisins and dried figs.

Beat to a cream half a cup of butter and one cup of sifted brown sugar, beat smooth and beat into them two well-beaten eggs. Sift two cups of sifted flour with two-thirds of a teaspoon of soda, half a teaspoon of salt, one teaspoon of cinnamon and half a teaspoon of nutmeg; add to the butter mixture alternately with half a cup of cold water; beat well, add one cup of seedless raisins and one cup of chopped dried figs; pour into a buttered and floured loaf-cake pan and bake one hour in a moderate oven.

It's Always Fresh

Nucoa

The Wholesome Spread for Bread

Always comes to you dewy fresh in its paraffin carton. Perhaps you wonder why it never deviates from its delicious uniform in quality. This is because every step in the making of NUCOA is carefully guarded and samples from every day's makings are thoroughly tested for flavor and texture before the NUCOA is allowed to leave our plant. But our guardianship does not stop at the plant, it follows NUCOA to your grocer's and it guarantees NUCOA to your very table.

Always Fresh, Always Uniform in Quality.

FOR YE PITTSBURGH

[BY A. P. NIGHT WIKER]
SAN FRANCISCO, March 29.—
Pittsburgh had two fat innings to-
day, the first and fourth, and had an
easy time beating the Seals 3 to 2. Shovel Hodge started for
the Seals, but he did not last on
innings. He lasted long enough,
however, for the Pirates to make
runs enough to win the ball game.
Hodge pitched two-thirds of an in-
ning, during which the Pirates
scored four runs, and as the Seals
made only three runs in the nine
innings, Hodge is charged with the
loss of the game.

SCHLOCKER-WHITE DRAW

**Callahan Batters Way to Victory Over McCann
Torrid Battle at Hollywood**

Joe Schlocker's damaging right offset Eddie White's aggression in the main event at the American Legion Hollywood arena last night and Referee George Blake called the affair a draw.

The San Francisco lightweight displayed a fast overhand left that kept Schlocker in trouble. Schlocker used his left continually, but did not uncover his famous right until the final round, when he staggered the Bay City youngster.

The first round belonged to White by a wide margin. The second round was Schlocker's. The third and fourth were White's by a slight shade.

MCCANN BEATEN

"Mushy" Callahan eliminated Frankie McCann from the race for lightweight honors of the Coast by taking the decision in the semiwind-up. Callahan not only proved himself a clever fighter, but a slugger as well.

Callahan scored a clean knock-down over McCann in the opening round. McCann came back stronger, however, in the second round. The boys were even in the third round. Both lads opened up in the final round in a fierce struggle for supremacy. Callahan fought like a tiger and beat down McCann's defense. McCann was finally doored only to be saved by the gong. The crowd gave the lightweight a tremendous ovation.

PAKKE WINS VERDICT

Young Pakke was awarded the verdict over Benny Berris in the special event. Although Pakke was the aggressor throughout the milling and Berris kept poking a mean left in the former's face, Berris did not seem able to use his right wing, but stayed through to the finish. Berris's staying power made him a hit with the crowd and when the referee called at the decision handed to Pakke.

Johnny Lamar was the good for Sailor Masterino in the fourth bout of the evening, stopping the gub in the second round. Lamar put Masterino down twice in this round with rights to the chin and when the sailor got up the second time, Johnny sunk his left in Masterino's stomach and the sailor hit the

canvass again. Referee Blake then stopped the fight.

MONTOKA IS STICKER

Pico Ramles knocked Toby Montoka down five times during the engagement, but the latter proved to be a tough individual and managed to last out the four rounds. In the second round, Ramles, with his left to drop Montoka or in the first, once in the second and three times in the third. Kid Williams handed Hank Gattson a licking, almost putting the latter out in the second round. Sailor White took the verdict over Harry Fox in the opener. White had Fox stagger at the final gong.

WINTER SPORTS AT MOUNTAIN RESORT

[EXCLUSIVE DISPATCH]

REDLANDS, March 23.—Winter sports will be the big program for the week and judging from inquiries received here as to conditions of the roads to the resorts in the mountains. There is from a foot to two feet of snow on level at most of the resorts. Here is the latest word from the various places where winter sports are staged in the San Bernardino Mountains.

others have had about as much luck as you have. I am practically the same as none at all," and Cromwell doesn't know what he's doing here in.

LOTS OF ACTION

However, leaving the spectators cheering out of it for the time being, let us look at the action which would be a good one. The Trojan can win, but beyond a doubt the Olddime and the Stanford will probably be better than the performers are better than the rivals in all but two or three even the result is obvious.

Even though we don't see Tim Hartman, the best sputter on the Coast, in action, the Stanford team has a number of players who showed here, making points in a dual meet with the Trojan team. The Olddime has a 100- and 100-yard dash. Hartman is running the century this year but Bill Kerr does the shorter mark him as one of the country's leading athletes. Close to fifty feet in the race, Kerr was first in the field in the discus as his best performance this year.

HE'S SURPRISED

Spectators were taken by surprise to seeing the half mile loped in trifling over two minutes and ten seconds. The crowd watching will probably be startled if the Stanford runners live up to all the noise they make. The Olddime men, Bill Richardson has a mark of 1m. 67s., in the former event while Bill Kerr does the mile in less than 4:30. The Cardinal quarter-milers will all be achieving to do the same thing and although Stanford is supposed to lead the bunch, isn't going to run faster than other gentlemen will for the winner. The Olddime runner, Charles and Haynes are always annoyed if they do not win by winning the short, closer better than ten minutes. All of which would seem to point to an exciting afternoon on track.

How many of the Trojan runners can horn in on any first place? The Olddime runner, Nierbach is considered the king of the mile. Ed Hines, however, probably won't even place again against Richards. Swaine, McIntosh and Miller are also expected to place for nothing more than a couple of points as Kerr is ably supported by the Olddime runner, Bill Kerr seems to start the best chance of any of the Trojans. His rivals are the Olddime runner, Bill Kerr, clocked in 19 flat and 22 flat, both of which marks the local athlete made a name.

Bill Kerr, Dyson, Ken Grumbine, Jeff Letstner and Boles plenty of competition in the hundred yard while the longer distance winners are sure point Wilson, the weight, Earle Wilson looked good for Brule in the long jump.

If Stanford lives up to all the promises the Trojans will be lucky to get more than 48 points.

GOAT GOLF CROWN**

THE TRACK EVENTS COME ON
FINEHURST (Glenn)
March 28—Miss Glenna Collett will wear the crown for another year as winner of the North and South golf championship by virtue of her victory over Miss Louise Fordyce in the final round of the tourney here today. The previous title went to the Ohioan by a score of five up and three to go.

Dean Cromwell's undefeated University of Southern California tracksters will take on a combined team from the Citrus League in a dual meet this morning at the Coliseum. The meet starts 10 o'clock.

The Citrus Belt team will be recruited from the following high schools: Chaffey Union, Riverside Bernardino, Redlands and Pomona and should give the U.S.C. youngsters quite a bit of competition. The Trojan trosh will present their strongest squad and are expected to win first in all events with the exception of the shot. Van Fleet of Chaffey will represent the props in this event as has been putting the shot over forty-nine feet, which is slightly better than Aleksi and Kuntz.

Arlon Kaer, star frosh athlete who leaped 22ft. 9 in. in his last meet, will attempt to break the existing U.S.C. broad-jump record of 22ft. 11in. in today's meet.

CHICAGO CUBS WIN OUT IN THE NINTH

(EXCLUSIVE DISPATCH)

OAKLAND, March 28.—By staying a ninth-inning rally, the Chicago Cubs defeated the Oakland Coast Leaguers by a score of 5 to 4 today at the Oakland ball park. For eight innings the score was 0 to 0, but in the fatal ninth LeRoy Kuntz lost control of the ball a couple of hits and a couple of errors on six hits and a couple of errors on six hits and a couple of errors on six hits gathered their only runs.

A High Tracksters Defeat Polytechnic Cinderpath Squad in Meet, 68 1-6 to 44 1-6

COGGESHALL IS STAR OF MEET

Mechanic Performer Clears Over Six Feet

Pioneers Clean Up Points in Field Events

Poly Athletes Are Strong in Distance Runs

For the fifth consecutive year, L. A. High defeated Polytechnic in the annual track meet between the old rivals yesterday at Housh Field. The score was 68 1-6 to 44 1-6.

Henry Coggeshall of Poly, was the individual star of the meet, taking first in both the high and broad jumps providing the thrill of the day when he cleared 6 ft. 11 in. in the high jump. Coggeshall's leap made yesterday's better than the existing City, Southern California and State intercollegiate high jump records, all of which he is expected to break this season.

The starter could not get Coggeshall from the starting line, but a yard, but a wire fence in the way saved the Ralipitler dash.

STRONG IN DISTANCES

The Mechanics were strong in the distances yesterday, getting first and second in both the 800 and the mile. McKinnon took first in the half, with Derr of Poly second, while Waite and Derr grabbed the first two places in the four-lap event. McKinnon and Ford gained eight more points for Poly in the quarter, trying for first.

However, the Pioneers more than made up for the Mechanics' superiority in the longer runs by making a clean sweep in the shot, winning first and second in the discus, pole vault and 100-yard dash.

HILL WINS SHOT

Hill of the Pioneers won the shot with heave of 43 ft. 6 in. Reeling surprised in the discus by leading off his team mate, Hallock, for first with a toss of 107 ft. 11 in. Bernstein took the pole vault at 10 ft. 9 in. One of the biggest upsets of the day was the Pioneers' winning of the relay. Pete Mazzetti finished for the Blue and White against a comfortable lead over the final Mechanic runner. The time was 3:17, four seconds slower than the Mechanics' best time this season.

THE SUMMARY:

100-yard dash—Win by McKinnon (P.) over Derr (L.A.) 11.5. 200-yard dash—Win by McKinnon (P.) over Derr (L.A.) 24.5. 400-yard dash—Win by McKinnon (P.) over Derr (L.A.) 1:10. 800-yard dash—Win by FRESH BLOOD

ONE STAR, THREE DIRECTORS,
ADDED TO PARAMOUNT

By Grace Kingsley
It looks as though Jesse L. Lasky is going to harvest in a good big crop from his vineyard of stars during the coming year. He is just one of the busiest little announcers in the world these days.

Lasky has added a bright, young potential star to his players, in addition to injecting new blood into his directorial forces by the elevation of his organization to the post of director of four men whose training in stage and screen producing has fitted them for this assignment.

The potential star is no less interesting and brilliant a young actress than Jetta Goudal, a French girl, who created a favorable impression when she played roles in "The Bright Shaw" and "The Green Goddess."

Miss Goudal came to America from France in 1918, while the war was still on, following her work on the stage and in films in France as a player of adolescent roles. In New York she was engaged for small parts on the stage, and afterward secured work in the films in the pictures mentioned above. She is described as a quiet little person, who lives at the Martha Washington Hotel in New York, and goes out but little. She is to be featured in an all-star production as her first appearance under the Lasky banner.

The four men who are to be made directors are Paul Bern, Paul Sloan, R. H. Burnside and Frank Tuttle. It is significant that all except one of these were formerly scenario writers. Mr. Lasky evidently believes that successful screen writers should make good directors, also.

Paul Bern is a well-known scenario writer. He adapted Pola Negri's latest starring picture, "Men," and her next, "Compromise," both Dimitri Buchowetzki productions. He likewise adapted "The Marriage Circle."

The first picture which Bern will direct for Paramount will be the new Lasky actress, Jetta Goudal, along with Adolphe Menjou, Charles De Roché and Ricardo Cortez. The picture will be started the latter part of May.

The other three Paramount directors will film their first pictures in the Paramount Long Island studio in New York. Paul Sloan adapted "Winter Comes," "Over the Hill" and "Big Brother."

Gracing Local Stage and Screen

Margaret Shorey

Norma Talmadge

A Pair of Charmers

Margaret Shorey is a local girl who will be seen at the Orpheum next week, while Norma Talmadge is appearing at the Criterion in "Secrets."

Her first picture will not be made until summer. Frank Tuttle, formerly a member of the Paramount scenario staff, and more recently of the Film Guild, wrote the scenario for the picture. "Manhandled," which will direct his initial picture next fall with Bebe Daniels in the featured role.

H. H. Burnside, who will also be attached to the Long Island Paramount studio, is known to millions of people as the producer of New York Hippodrome spectacles and countless other stage successes, including the current Fred Stone production, "Stepping Stones." His first picture will go into production in June with Richard Dix in the chief role.

MAE BUSCH TO PUT YEAST IN "BREAD"

Mae Busch will play Jeannette Sturges in the Metro screen version of "Bread," Charles Norris's novel, which Victor Scharnting is to direct.

During her motion-picture career, Mae Busch has established herself as one of the most convincing and talented actresses appearing before the camera. Her

first triumph was in "Foolish Wives," and her most recent success was the leading feminine role in "Name the Man," which Victor Scharnting directed.

A number of other important players are to be signed soon for "Bread." Actual filming is to start at the Metro studios in about ten days.

NORMA SHEARER TO BE WITH PICKFORD

Norma Shearer has been selected to play opposite Jack Pickford in "The End of the World," the new Tom J. Geraghty production in which Jack is the star. This announcement comes from the Pickford-Fairbanks studios where the picture is being made. Miss Shearer is under contract to Louis B. Mayer and is being "farmed out" by Mayer for this picture, after which it is expected that she will start a production all her own.

The engagement of Miss Shearer practically completes the cast for "The End of the World." Others who will appear are Alec B. Francis, in the leading character role; Herbert Pryor, who has appeared in several pictures with Jack; Claire McDowell, as Jack's mother; Ann May, who will vamp him most charmingly; and George Dromgold, who promises to be quite villainous.

"As long as you're mentioning our cast," said Vernon Keays, directing, "don't forget Bob, the dog, and Felix, the cat; they play mighty important roles."

Mrs. Mix to Europe
Mrs. Tom Mix left yesterday for New York, whence she will shortly sail for Europe with friends. She has been in Los Angeles for three months, and will visit London, Paris and Rome.

Walter Hiers Fills

So popular is Walter Hiers with the Hollywood crowd, and with the Mid-Western fans, that he has been prevailed upon by theater owners of those sections to make a series of personal appearances down there. He leaves tomorrow morning, accompanied by Mrs. Hiers, for Evansville, Ind., where he will make his first appearance. Seven other of the larger cities of the Middle West are likewise clamoring for his aid, and Hiers will appear and make talks in their theaters.

From the Middle West, Hiers will go down to Louisville, Ky., his native city, where the Hierses are planning all sorts of receptions and other festivities for him.

Eddie Phillips Gets Chance

At last Eddie Phillips and Lloyd Ingraham are to have a flash battle. Young Phillips has been cast by Metro for a role with Viola Dana in her current production, "The Beauty Prize," and this role gives an opportunity, long sought, for Phillips to display some of his justly famous sleight-of-hand wares before the camera.

It was as a magician that Phillips made his first public appearance, and Director Ingraham finds that he has plenty of opportunity to work the magic before the public via the screen.

Phil Rosen With Warner
Phil Rosen, who sprang into the limelight through his direction of "The Dramatic Life of Abraham Lincoln," which he made for the Rockett Brothers, has been engaged by Warner Brothers to direct "Being Respectable," the next production to be started on their lot. Dorothy Farnum is writing the scenario, and an all-star cast will be assembled to portray the various roles.

CLUNE BILL BEGINS SECOND WEEK TODAY

Owing to the successful engagement of the program at the Clune Broadway Theatre, Manager Lund announces that the bill will be held over another week starting today.

There are two feature pictures on the program—Baby Peggy in her first feature production, "The Darling of New York," which is a crook melodrama with humorous touches for which the tiny actress is famous, and a re-edited version of one of Rodolph Valentino's first pictures, "The Society Girl." This feature, a boyish Valentino, though with all the polish and finish which has made him famous, Carmel Myers playing opposite offers an attractive daughter who is raised to place in high society.

"A Naughty Nice Girl" enters fourth week

"A Naughty Nice Girl" now playing its third week at the Grand Avenue Theatre, has established a new office record at this playhouse. The presentation of a new play has called forth much comment than has been the rule since the presentation of this comedy from the pen of Collinson, who is also known as the author of "Up Mabel's Room." The girl in the limelight, and other successes, in "A Naughty Nice Girl," are William Wiseman and Allan Tarn were among the guests.

MARY AND DOUG CONTRACT SET

(EXCLUSIVE DISPATCH)

NEW YORK, March 28.—At a meeting of the United Artists, attended by Mary Pickford, Doug Fairbanks, D. W. Griffith and a representative of Charles Chaplin, it was decided to carry out all contracts and renew or extend them for three years. The renewal decision does not include Charlie Chaplin, who still has eight pictures to deliver on his original contract.

Directors and stockholders said they were satisfied with the contracts and personnel of their organization. All officers were re-elected. The action sets at rest rumors of plans of Mary Pickford and Douglas Fairbanks to possibly affiliate with the Famous Players-Lasky Corporation.

Drama Students Are Capable in One-Act Plays

Four one-act plays were presented yesterday afternoon at the Majestic Theatre by students of the Santa Otman School of the Theatre. The plays were given under the direction of Miss Wilhelmina Wilkes, who is affiliated with the Thomas Wilkes Theatres. A capacity attendance greeted the players.

One of the cleverest of modern one-act plays was "Overtones," by Alice Gerstenberg. The parts taken by the "two cultured women," Muriel Ashbaugh and Jeannette Gilbert, pleased the audience mightily. The two "rustic" selves were interpreted by Jean Nash and Marie Anderson.

Kathryn Bryan, as the young Mrs. Johns in "Thursday Evening" by Christopher Morley, was convincing. The two mothers-in-law were everything accorded them by reputation, and amused their audience with their very "natural" remarks. Ray Clifford took the part of the young husband excellently.

"Where But in America," by Oscar M. Wolf, was a witty hit in the way, and showed a different style of acting. Marcella Zabala and Alice Stokes were excellent in the two mother roles in "Thursday Evening," proved, in the Strindberg affair, a considerable versatility.

Howard McNear was stage manager. "Thursday Evening" was a witty hit in the way, and showed a different style of acting. Marcella Zabala and Alice Stokes were excellent in the two mother roles in "Thursday Evening," proved, in the Strindberg affair, a considerable versatility.

Launch Estrella Brown in Rescue Trip

San Diego, March 28.—The outlook for the year ahead is optimistic, according to the editor of the Los Angeles Times, who sees a good track ahead for the country.

Legislation is not likely this year, he believes, but the country is in a good position to handle any emergency that may arise.

Earnings for the first quarter of 1924 are expected to be satisfactory, and bonds are being sold in good volume.

Business news is generally favorable, and the country is in a good position to handle any emergency that may arise.

DAILY TRADE TALK

Imperial Valley Cotton Growers Awake to Their Great Opportunity; Business Conditions

The Imperial Valley will grow an fine grade of cotton as may be produced anywhere. It is known as the best in the world and is free from many of the troubles which beset planters elsewhere.

Admitting these facts the great drawback with which the valley has been contending is the inferior grade coming from the fields of this particular garden spot.

The answer is that cotton growing has been conducted in a haphazard manner; without co-ordination and without regard to the part of Peter for the welfare of Paul. Farmers have disregarded the need of establishing a uniform quality, and have consequently been at a disadvantage.

As a result of this mistaken policy California cotton has been placed among the inferior grades. The cotton mills of the United States have been forced to use inferior grades because of the uneven quality of the cotton.

It is a fact that cotton plantations in the Imperial Valley are a single field of another variety in a district which hybridizes the whole district. This is a serious matter.

Whatever action is taken to improve conditions must be unanimous, and to this end an organization is being formed.

Volunteer delegates to the meeting of 185 met the other day in the Imperial Valley to discuss the movement by discussing ways and means, by electing H. H. Clark as president and H. H. Clark as president.

The election of Mr. Clark as president is a happy coincidence in connection with the Imperial Valley Press.

It is a matter of pride on the part of the Imperial Valley, and the Imperial Valley Press is proud to have a man of this caliber as its president.

The summary of conditions in the Imperial Valley is as follows: The Imperial Valley is a great cotton producing area.

NEWS

BY HOWARD G. KEOLEY

Effects of J. W. Henderson and associates resulted in a water well off in the Johnson-Thompson well at Citrus Heights near Moorpark in Ventura County, where a reported discovery of oil and sand was made last week. The well is now being drilled to a depth of 100 feet.

The strike is said to have been made at 2170 feet where eleven-inch casing was set. Approximately seventy-five feet of oil-bearing formation is ascertained to have been penetrated before drilling was halted. Henderson is said to be present and operators believe there is a good chance to get an oil well unless unforeseen troubles occur.

The Henderson interests hold 400 acres on which the Johnson-Thompson well has been drilled. R. Dabney and associates hold 1000 acres west of the well and Henderson holds 1000 acres east of the well. Henderson is said to be present and operators believe there is a good chance to get an oil well unless unforeseen troubles occur.

According to the geological report advanced by Henderson and associates, the Johnson-Thompson well is located in the same area as the Johnson-Thompson well. Henderson is said to be present and operators believe there is a good chance to get an oil well unless unforeseen troubles occur.

WOOL MARKET

The weekly review of the wool market issued by the United States Department of Agriculture through its market news service reports that the market in general has remained on about the same basis as during the previous week. Prices unchanged for the better class of wools. While the worsted business has not developed the volume of trade hoped for, some small lots of good wools are being taken off the market regularly. Trading in stocks suitable for the manufacture of woolsens is quite active. Pulled wools are showing some business on about the same level as during the previous week. Noils are active at strong prices, wools continue somewhat quiet but prices are very firm. Contracting in the West has slowed down considerably. Estimates by members of the American Wool Growers Association show that the amount of wool to be shipped to the United States during the week ending March 15 and about 313,000 pounds on March 15.

DOMESTIC WOOLS

Fleece wools are showing some business regularly but the small amount. Prices continue to rule firm in all lines. Ohio fleeces are held very firm at 87 cents and some choice lots at a slightly higher price. Some wool moved on this basis although the market is not active. All of the larger houses maintain the policy of take it or leave it. Fleecings have been offered recently for delaines similar to Ohio and West Virginia at country points but sales did not materialize.

Foreign wools are showing some business regularly but the small amount. Prices continue to rule firm in all lines. BOND QUOTATIONS

From Prices
NEW YORK, March 28.—Bond prices held relatively firm in dull trading today, with profit-taking interrupting the advance in St. Paul railroad issues. Despite realising sales of the road's 4s of 1935 and the refunding 4 1/2s, there were switching operations into the convertible 4 1/2s, which carried these issues up to a new peak price for the year at 95. In the absence of any definite price trend the principal factor in the investment market was the ready absorption of the new bond issues. With over-subscriptions for the \$35,000,000 Western Electric 4 1/2s still climbing all allotments were made on a basis of about 25 per cent. Bonds were closed almost immediately on the \$10,000,000 Cleveland Union Terminal 5 1/2s. Offering of these bonds at 97, brought a realignment in the price of a previous issue listed on the stock exchange which had been selling about a point higher.

Although price movements for the most part were narrow, a break of 3 points occurred in Norfolk and Western convertible 6s, following a decline in the stock, and a sale of Coty De Franco 5s was made at a loss of 1 1/2 points.

Following are closing quotations in bonds held in the New York Stock Exchange, furnished by Lewis & Wren, 615 South Spring street:

PLEADS FOR SCHOOL BONDS

City Superintendent Cites Figures to Show Local
Enrollment Increase is Nation's Highest

Predicting the continual influx of school children to Los Angeles "unless this city builds a wall around itself and notifies the world that no more children are wanted," Mrs. Susan M. Dorsey, superintendent of Los Angeles schools, pleaded yesterday before the Masonic Club at the Alexandria for support of the proposed \$34,000,000 school bonds.

Denying the truth of the assertion that the schools of Los Angeles cost more per capita than those of other sections of the country, Mrs. Dorsey contends that they are costing less.

SAYS COST DECREASING
Critics have based their estimates on the population of the 975 square miles of the entire school district, and according to the population of Los Angeles, said Mrs. Dorsey, "It is true that in one sense public education has increased in cost during the last thirty years, but when we take into account the facts of the attendance, the increase of school months, compulsory education, the additional of the liberalizing arts, vocational instruction and the attention given to incapacitated children, we can safely say that the cost of education has decreased. The splendid organization of our school system has also aided in the decrease in the cost of education since 1890."

"Last September Chicago had an increase in pupils over those of the previous year of 16,000. The increase for Philadelphia was 3187; for Boston, 1488; for St. Louis, 412; for Pittsburgh, 34; for San Francisco, 473, and for Los Angeles 28,844. Three weeks ago over the previous year of 1923, even New York City had an increase in enrollment of only 18,000. We are now using about forty tents in Los Angeles, for we have

BOARD DEFIES CITY COUNCIL

Public Works Commissioners Hold Charter Gives
Them Right to Award Fire Alarm Contract

"I'd rather resign than be a rubber stamp," declared Public Works Commissioner Eldridge at yesterday's meeting of the Board of Public Works in refusing to accept the Council's instructions to advertise for bids for fire alarm boxes, cables and other equipment for the \$10,000,000 fire alarm and police signal system and then to submit the bids to the Council for consideration.

Commissioner Eldridge, supported by President McGuire of the board took the position that the charter places the authority for advertising for bids and awarding contracts, such as for the fire alarm system, solely in the hands of the Board of Public Works.

"We intended," said Commissioner Eldridge, "to submit the fire alarm bids to the Council, as a matter of courtesy, before we accepted any bids or awarded any contracts, but I resent the Council's action as a reflection upon this board."

MOTION ADOPTED
President McGuire sustained Commissioner Eldridge's position and by the votes of these two commissioners the motion of Commissioner Eldridge was adopted:

"I move that the communication from the City Clerk be filed; that the resolutions authorizing the Board of Public Works to advertise for bids for fire alarm boxes, lead-covered cable and fire and police signal-box stands be returned to the City Council, with the advice that this board does not care to advertise for bids for any of the above mentioned materials for which they have no authority to enter into a contract, if in their judgment the best interests of the city would be served by the execution of such a contract; and further, if the Council does not respond sufficient confidence in the judgment of the Board of Public Works to determine from the bids received whether there has been

ACTOR HEARING POSTPONED

Trio Charge Mexican Beauty Brought Them Here
for Tour, Refused to Pay Fare

Whether Nelly Fernandez, attractive senorita, owes three Mexican vaudeville artists their railroad fare back to Mexico City will be thrashed out by Deputy Labor Commissioner Barker on April 15. Attorneys for the complainants yesterday asked that the hearing be reset for that date.

It is charged by Rafael Diaz, Jordana Cantu and Consuelo Contreras that Miss Fernandez brought them to Los Angeles and promised to give them a vaudeville tour of this country. This tour did not materialize, it is charged, and Miss Fernandez did not live up to her asserted agreement to pay their railroad fare to Mexico City. Diaz was to be

NEW UNIVERSITY BUILDING

Ground Broken for Modern Chemistry-Pharmacy
Structure; Will Cost \$300,000

(Illustration on Picture Page)
Ground was broken yesterday for the construction of a new four-story chemistry-pharmacy building on the lot where the old geology building once stood at the University of Southern California. It is a Class A structure and will cost approximately \$300,000.

The chemistry laboratories will have equipment for general chemistry and various lines of pharmaceutical chemistry, involving assaying, toxicology and the manufacture of synthetic preparations. All laboratories in the new building will be equipped with hot-air ovens and steam baths for the evaporation of pharmaceutical preparations. They will also contain hoods and compressed-air and vacuum apparatus in addition to the usual supply of gas and water.

In addition to current periodicals, the library, which will be located on the first floor, will be completely stocked with all books on chemistry and pharmacy.

CHARITY AID PURPOSE OF STYLE SHOW

Pageant of Fashions at
Biltmore for Benefit of
Big Sister League

Designed for a dual purpose, to
show the styles Los Angeles has
made as a style center and to aid
worthy charity—is the first an-
nual Peggy Hamilton fashion page-
ant this afternoon and evening
at the Biltmore. It is for the
benefit of the Big Sister League,
the object of which is to provide
a temporary home for destitute
mothers and babies. The home is
nonsectarian and is maintained by
contributions.

Stores taking part in the page-
ant of latest styles are Colburn's,
Harry Pink & Co., Swobd, Wether-
by-Kayser and Muller's. The Bilt-
more has been shown in the
selection of the gowns and other
articles and practically all are im-
ported. It is announced.

Sixty models will display the
gowns and finery in the pageant.
They will include motion-picture
actresses such as Theda Bara, Lodo
Bara, Ruth Clifford, Ruth Roland,
Francis Dade, Julianne Johnston and
Fanny Ruth Miller.

Peggy Hamilton, in addition to
designing several creations, has de-
signed a setting for the display.
It is a garden with a wealth of
color in flowers and other decora-
tions, with models representing
flowers. The chorus will sing the
"Peggy Hamilton Fashion Revue,"
written especially for the pageant
with the lead taken by Ethel
Jenks.

Miss Clifford, who appears as
Ann Rudledge in "The Dramatic
Life of Abraham Lincoln," will
wear a gown of 1834. Her sister,
Bernice Clifford, will be the girl
of today.

Novel features of the pageant
will be two bridal displays. Little
Virginia Marshall will be the bride,
Walter Wilkinson the groom in one
while Claire Windsor will be the
bride in the other with Julianne
Johnston as the maid of honor. The
latter bridal group will include
six bridesmaids, two train-bearers,
flower girl and ring-bearer.

The management of the Bilt-
more has arranged for a tea at
2:30 p.m., and a dinner-dance at
7:30 p.m. in conjunction with the
pageant.

An encounter with a burglar in
which her life was threatened as
the burglar was making his escape
after looting an apartment of
\$3000 worth of jewelry, was re-
ported to the police yesterday by
Mrs. K. Myers of 414 South Cor-
onado street.

Mrs. Myers reported that she was
returning to her apartment when
she met the intruder on the stair-
way of the apartment-house. He
grabbed her arm, she stated, and
told her he would blow her brains
out if she made an outcry. De-
spite the command, however, Mrs.
Myers called for help and managed
to break away from the burglar's
grasp. He struck at her and she
fell on the stairway, dropping a
250 bandage containing \$15 in
currency. At this moment A. R.
Marshall, another resident of the
apartment-house appeared and
grappled with the burglar. Break-
ing free, the latter drew a revolver
and threatened Mrs. Marshall with
death if he interfered further. He
then backed out of the front door
and fled.

Later it was found that jewelry
had been taken from the apart-
ment. Mrs. Edwin Rogers, En-
franchise had effected with the
use of a pass key, according to the
police reports.
